

The Daily Enterprise,
J. T. L. BIXLER, Editor
10 CENTS PER WEEK
40 CENTS PER MONTH

You are invited to come in and see our type setting machine at work. You are always welcome.

Enroll yourself among the number who will help keep Beaumont clean by not throwing trash in the street. That will be a big step towards a clean city.

It is easy to criticise the methods of labor leaders and parties which are designed to correct our political ills, but after all it is still a matter of opinion as to which is right.

The Texas press is a unit for cleaner streets and sidewalks. THE DAILY ENTERPRISE has been carrying on the campaign here for some time and propose to keep it up until conditions are bettered.

Houston and Galveston are each trying to raise money to buy a park. That reminds us that Beaumont should make arrangements for a system of parks while property is cheap and before it is too late to secure desirable locations.

Plank sidewalks won't last forever and that reminds us that there are some sidewalks in this city in a very bad condition. There must be a constant repair of streets and sidewalks, and as they are used so much it should always be done promptly.

The people of Kansas City are protesting because they have not been assigned any of the cannon captured in the late war with Spain, for their parks. Minneapolis and St. Louis have already "borrowed" a cannon, and of course Kansas City must have one.

ELECTRIKURE.

The most adequate Life Agent of the Century. It has distanced all its eager competitors in the grand race for the relief of human sufferings by the direct application of two of the greatest forces, Electricity and air Oxygen.

Let no invalid despair, for by an intelligent use of Electrikuire treatment cures can be wrought that by the old methods of medication are impossible. This treatment never makes a mistake. Its equal has never been offered to the public. This Electrikuire can be seen and explained by the general agent,

C. T. GILES,
Crosby House.

Illustrated Trust Methods.

In his speech Monday night Mr. Debs showed very plainly how trusts do business by explaining the methods of the tobacco trust as an example:

"The tobacco trust recently completed its organization and within a few days thereafter reduced the price paid the farmer for his tobacco \$50, a hogshead, and increased the price for the sale of its tobacco 10 cents a pound, and discharged 2000 traveling salesmen. A man makes a mistake when he tries to get more than he can properly use. Who is to the man who passes from the control of his money to control by his money if it usually costs him his life. Jay Gould died twenty years before his time."

Speaking of the trusts as the controlling influences of this age, he said:

"You tell me in Texas that you are going to control these combinations by statutory enactment. You are doomed to disappointment. It can't be done. But good will come of it; when you have tried the wrong way you will find it out and try the right way. Trusts are the natural and inevitable growth of the competitive system. Competition inevitably culminates in combination."

"In the days of hard labor the employer was not extremely rich; the employee was not abjectly poor. Now there are but few individual employers. The employee used to be able to look his employer in the face and tell him his wants and obtain sympathetic attention. Now we have corporations—visible somethings, which are yet all powerful. The employer is the stockholder who lives thousands of miles away. He cares nothing for the details of the business—only for its profits. Fortunes are not made by hard work in these days; they are made by the magic of manipulation, which is a polite term for stealing."

Excursion Saturday Night.

The Gulf and Interstate will run an excursion train to High Island, Rollover and Patton Beach Saturday night. The fare will be \$1 for the round trip and tickets will be good to return on any regular train Sunday. The last train will leave Patton at 4:15 p.m., Rollover at 4:19 and High Island at 5:12, arriving at Beaumont at 7:30. The hotels at High Island and Rollover will be prepared to entertain all the guests nicely and a good time is expected.
